

the chaos that the supporters of 1063 purport to want to avoid at all costs. It must be at all costs because they're crafting a pretty leaky craft to sail us through those waters, I think. I would oppose the suspension of the rules because there is some work to be done on this bill.

PRESIDENT MOUL: Time. Thank you, Senator Morrissey. Senator Beutler.

SENATOR BEUTLER: I call the question.

PRESIDENT MOUL: Are there sufficient seconds? There are. We will now vote on the motion to cease debate. All those in favor please vote aye, opposed nay. Have you all voted on the motion to cease debate? Please record, Mr. Clerk.

CLERK: 27 ayes, 1 nay to cease debate, Madam President.

PRESIDENT MOUL: We have ceased debate and I will recognize Senator Withem for closing.

SENATOR WITHEM: Madam President and members of the body, I understand, from some discussion here, that there is a point needs clarified. Senator Schrock, I believe, raised the question and if it's...if I don't characterize it correctly as to whether lime is a soil conditioner that would be taxed under this bill, or whether it would not be, is that the concern, Senator Schrock?

SENATOR SCHROCK: Yes, Senator Withem.

SENATOR WITHEM: Okay, my response is, I don't know, but, as I...Senator Coordsen has given me an indication that it is not included and maybe I would allow him as the...one of the cosponsors of the early bill, he's probably more important...more appropriate that he give the clarification of the intent here. So, Senator Coordsen, if you could respond.

PRESIDENT MOUL: Senator Coordsen.

SENATOR COORDSEN: Thank you, Senator Withem. Senator Schrock, the 1,889,000 tons that was used, our commercial fertilizer, does that not include lime. Lime is a cheap product. My information is it's \$3.75 a pound...or a ton, to put a \$4 a ton tax on it would seem somehow inappropriate, but it is not
